Assembly

Sew the back & front pieces . Sew the sleeves to the already assembled pieces. Then close the sides.

For front & back pieces, sew a hem of 1cm.

For sleeves, sew a hem of 1 cm and before closing it, slide an 0,5 cm large elastic in order to create the balloon effect.

Once the assembly finished, pick up approx. 160 stitches for the collar with 3 3,5 cm needles (60 sts on the back piece & twice 50 sts on the front side). Knit 4 rows of rib p1k1 then bind off all stitches.

That's the end!
