

# Arquebuse

*Arquebuse* is a semi circular shawl. To knit it, I used "*Karisma*" yarn from *Drop's* which is a sport yarn, but you can use any kind of yarn : it will just change the shawl's size : take yarn and needle bigger if you want a bigger shawl and yarn and needle smaller if you want a smaller shawl. I used a circular needle size 7US (4,5mm).

## Stitches I used :

Stockinette stitch: Knit on the right side and purl on the wrong side

Garter stitch: always knit

Fishnet: Row 1 : K1 [1 Yarn over (yo), knit 2 together (K2tog)] through the row

Row 2 : purl

Row 3 : [K2tog, 1yo] until 1 stitch from the end, end by k1

Row 4 : purl

If there is not enough rows to make the entire fishnet pattern, just go to the next stitch

Increase row: [K1, 1yo] through the row, end by K1

## Knitting the shawl:

As said earlier, *Arquebuse* is a semi circular shawl made by stockinette stitch and fishnet stripes split by garter stitch lines made with a different colour. The stockinette stitch and fishnet stripes are larger and larger. To make it easy, I named the two colour "blue" and "pink" but, of course, you can use any colour you want. The shawl ends by a flywheel in blue stockinette and pink garter lines.

Cast on, with a provisional cast on, 3 stitches with the blue yarn, knit 6 garter rows.

Turn your work and knit 3 stitches on the side (1 by garter line) and take back your provisional cast on : you have 9 stitches on your needle.
